ONE OF THE WORLD'S DARKEST HOURS BECAME THE CHURCH'S BRIGHTEST

The corona pandemic thrust the world into the biggest crisis since World War II. Many people are desperate and looking for answers. Out of fear people would not leave the house, even the time square was empty.

Since the coronavirus broke out, many leaders believe GO 2020 is for a time like this. The vision still is to mobilize 100 million Christians to pray and to share the Gospel.

THE RESPONSE: UNITY

the body of christ responds to the crisis with a unity the likes we have never seen before. Christians are standing together, praying to God, caring for those around them and sharing the Gospel.

This Pentecost 10 day period, was without any doubt, the 'Largest Prayer Time in ALL recorded history!

Graham Power,
Global Day of Prayer, Founder

„What an amazing season from Passover to Pentecost 2020! In the midst of a global pandemic, we have seen a massive increase in prayer and unity in the body of Christ! It has been astounding to watch so many come together in an expression of John 17 'oneness' across nations, denominations, and generations for the fulfillment of the great commission!"

TESTIMONIES

SHARING CHRIST IN THE CRISIS

According to the first reports we received about 277 M people heard the Good News in in May 2020. Millions of Christians worldwide shared their faith in personal conversation and online media, many of them for the first time in their life. Due to the coronairus crisis people are especially open to the Gospel.

SALVATION IN MINNEAPOLIS

George Floyd's death was the strating point for the many violent protests and peaceful demonstrations we have seen for nearly two weeks. But we've also seen testimonies of faith and love, revealing that there is no racial division in Christ.

Pastor Korey is running love twin-cities and is involved in GO 2020. He led prayer with 15,000 people on a major road in Minneapolis. He was preaching the Gospel and led 82 to Christ last Sunday at the very place where George Floyd was killed. He and hundreds of people have gathered to glorify God through worship, evangelism, and baptism.

They were preaching to thousands and saw hundreds responding to the Gospel of Jesus!"

POISON WON'T HARM

In the rainforest in Congo a Christian was bitten by a snake while sharing the Gospel. They killed the snake imediately but all were certain the man was going to die. Our National Coordinator prayed for him. After a while, when people saw that he survived, many gave their lives to Jesus.

THOUSANDS OF MUSLIMS SAVED

"Come! Come see JESUS Film! Oh, people come and see Jesus, the heavenly God," is what the **Imam would call out over the loudspeaker connected to the mosque** just before every showing.

That happened in one of 26 villages in Africa! Their mosques were empty due to the COVID19. And leaders would show JESUS Film to help people get closer to God, sometimes 5 times a day when the mosque would have had prayer. Approximately 16,000 committed to follow Jesus.

UNIFORMED PREACHERS

Some members of the army in Honduras shared the Gospel. And the police in the Dominican Republic handed out tracts along with COVID-19 rules.

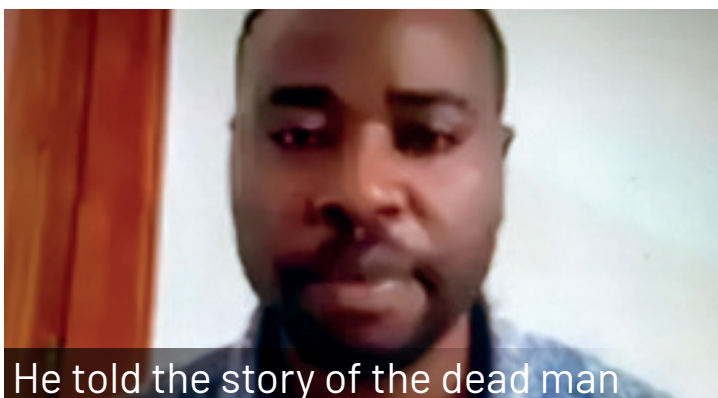

RAISED FROM THE DEAD

A Christian in the northern part of Ethiopia received training in evangelism. He heard of a dead man, who was made ready for his funeral. He had the urge to pray for him so he went to the hall where the body was prepared. He talked to the people there saying, he believes that Jesus is alive and has the power to give life back to the dead man. A discussion arose, the people attending were of another religion and didn't want him to pray at first. After some time they gave in and allowed the Christian to pray for the miracle.

He prayed and it happened, the dead man came back to life! The 25 people who saw that gave their lives to Jesus immediately and a small church was established because of it.

SAVED FROM SUICIDE

A man in Haiti was deperate and wanted to commit suicide. But when he was stopped by Christians attending GO 2020, he found new hope in Jesus Christ.

FOOD FOR THE HUNGRY

Due to quarantine, lockdowns and economical damage COVID-19 is afflicting people everywhere. They are hungry and even dying from starvation. Venezuela was one of many places, where Christians provided food and the Gospel for the people in need. Our National Coordinator in Uganda gave food to thousands of people. He said that 741 got saved, some them waited in their beds for death to come.
